BUSINESS IS COMPLICATED ENOUGH. SHOULDN'T OWNING AND OPERATING YOUR COMMUNICATION SYSTEM BE SIMPLE?

We think so. Introducing DIMETRA™ Express, a flexible TETRA system. By integrating the switch and base radios in a one-box or modular system, it's quick and easy to set up, deploy, and manage your communications. You simplify everyday operations while reducing costs and complexity over the long term.

Quickly integrate DIMETRA Express into your network using a single IP address. Provision multiple subscribers at once using one simple bulk upload. And complete installation in no time using convenient, browser-based apps and tools. Once it's up and running, DIMETRA Express is easy to manage and operate through web-based network management and dispatch applications.

DIMETRA Express offers the voice, short data, packet data and telephony services your teams demand. And it's expandable to multiple sites, so it can grow as your business does.

Best of all, you get peace of mind knowing it's from Motorola Solutions – a leader in TETRA technology with a track record of more than 20 years providing robust, reliable TETRA communication solutions.

SIMPLE SYSTEM MANAGEMENT

SYSTEM MANAGEMENT IS EASY USING WEB-BASED TOOLS, INCLUDING A SYSTEM HEALTH MONITOR AND SIMPLE DISPATCH APPLICATION.

All you need is a PC or tablet running Android™ or Windows® and a Google Chrome Browser. Then enjoy support for web-based text messaging, which allows teams to send short or pre-set messages that boost efficiency in the field.

FLEXIBLE SOLUTION

WITH THE SWITCH AND BASE RADIOS INTEGRATED IN A ONE-BOX OR MODULAR SYSTEM, DIMETRA EXPRESS IS EASY TO SETUP AND INSTALL.

You can reduce total cost of ownership, and focus on your business instead of your communications system.

COMPLETE COMMUNICATIONS

ORGANISATIONS TODAY DEMAND MORE THAN JUST TALK. THEY REQUIRE MANY TYPES OF VOICE AND DATA COMMUNICATIONS TO GET THE JOB DONE.

That's why DIMETRA Express enables voice, short data, packet data and multi slot packet data, and telephony services. You get loud and clear voice communications for safe day-to-day operations. Text messaging for times when your team needs quick information. Enhanced operational scope and efficiency with packet data. And the ability to make VoIP telephone calls outside the network, such as calls to other locations or organisations, senior management, or emergency services.

DEPLOY IN MINUTES

WE'VE MADE DIMETRA EXPRESS EASY TO SET UP, CONFIGURE, AND INSTALL, SO YOU CAN GET YOUR TEAMS GOING FASTER.

In fact, you can now deploy your system in less than 15 minutes with a simple installer. Using a single IP address, you can quickly integrate DIMETRA Express into your existing network. And with bulk provisioning of subscribers, you can set up radio users in no time. What's more, DIMETRA Express is ready for the future. All it takes is a simple step to upgrade the system software.

BUILT-IN CONFIDENCE

ROBUST AND RELIABLE, YOU CAN DEPEND ON DIMETRA COMMUNICATIONS TO BE THERE FOR YOUR TEAM WHEN THEY'RE NEEDED THE MOST.

As a world leader in TETRA, we offer a comprehensive portfolio of solutions that are integrated and tested together – from switches and base stations to radios and accessories. Our aim is to provide you with peace of mind through world-class product quality and support. We also provide a Security Update Service to keep your system safe from current cyber security threats.

GROWS WITH YOU

DIMETRA EXPRESS IS DESIGNED TO EXPAND AS YOUR NEEDS DO.

Easily add base radios to a site and get additional channels for more capacity. Or add another site to broaden your coverage area. You can even deploy the system as a temporary solution – whether for an event or in an emergency – changing frequencies and adding new subscribers so radios stay connected and working.
